<p><b>Voice over script</b></p> <p>Welcome to XMPie StoreFlow training. This series of online videos is designed to help you get started with uStore and FreeFlow Core and introduce the basics needed to get your stores setup quickly and easily.</p>	<p><b>Thumbnail</b></p> 
<p>uStore is a powerful solution for creating eCommerce stores, or online portals for ordering print and other product types.</p> <p>These stores can be used for selling products publicly, or to create document or marketing portals either for in house business use; or for your corporate customers.</p> <p>This eLearning course offers many short videos to step you through the process of creating and setting up stores, as well as adding and configuring products.</p>	 <ul style="list-style-type: none"> <li>• Products included in StoreFlow: <ul style="list-style-type: none"> <li>• XMPie uStore</li> <li>• Xerox FreeFlow Core</li> </ul> </li> <li>• What is uStore <ul style="list-style-type: none"> <li>• Powerful eCommerce solution to create: <ul style="list-style-type: none"> <li>• Online stores</li> <li>• Marketing portals</li> </ul> </li> <li>• Print as well as other product types</li> <li>• Business to consumer</li> <li>• Internal document portals</li> <li>• Client portals</li> </ul> </li> </ul>
<p>The training is broken into sections like this.</p> <p>Simply click on the section to view the available topics.</p> <p>When you click on a module, the selected video will load into the main area.</p> <p>The green play icon highlights the module which is currently displayed. The tick icon shows that you have watched this module, and the blue play icon shows modules which have not been watched.</p>	
<p>Here, you can find more information about the currently selected module.</p> <p>This button will return you to the course outline.</p>	
<p>The downloads button shows links to download a transcript of the video in English, and other languages if available. French in this case.</p>	

If a topic includes samples or resource files that are discussed in the video, you will see this icon, and the files can also be found on the downloads tab.

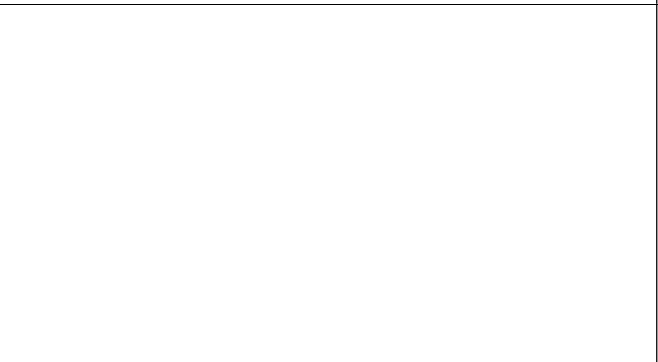

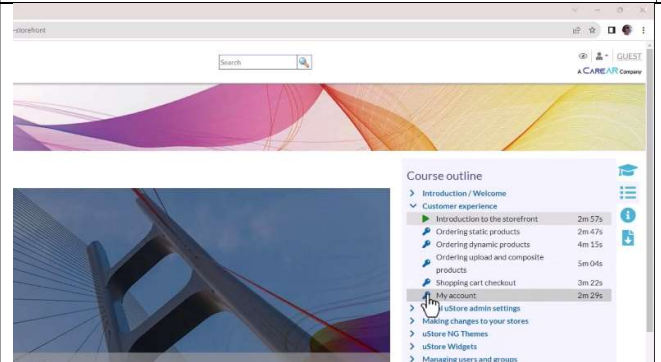

The video player includes subtitles or closed captions, and if translations are available, you will be able to switch the language here, or turn captions off if you find them distracting.

If you only see this key icon, you may not be logged in. Click here and select login. Access to all the training material is available for customers with a current support and maintenance contract.

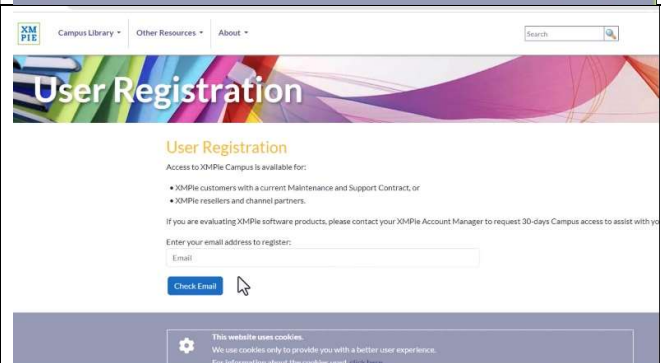

So, if you are logged in and still see the key icon, you should contact your XMPie account manager to renew your support contract.

If you don't have credentials, just use the registration form.

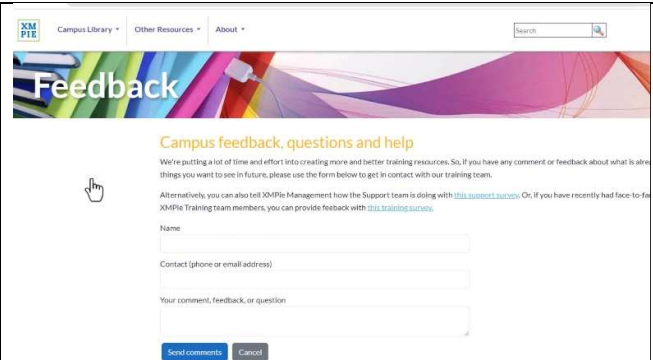

Please enter your company email address. If your email address is on file, you will get an email with a link to complete the registration process straight away.

If there is a problem, you will also get an email explaining the reason.

More topics will be added over time, so check back for new and updated material from time to time.

Also, if you can't find what you want, use the feedback form, and we will try to create something new, or point you towards existing materials.

The screenshot shows the 'Feedback' page of the XM4Pie Campus Library. The header includes the XM4Pie logo, navigation links for 'Campus Library', 'Other Resources', and 'About', and a search bar. The main heading is 'Feedback'. Below it, a section titled 'Campus feedback, questions and help' explains the purpose of the form and provides links to a support survey and a training survey. The form itself consists of three input fields: 'Name', 'Contact (phone or email address)', and 'Your comment, feedback, or question'. At the bottom are 'Send comments' and 'Cancel' buttons.

## Feedback

### Campus feedback, questions and help

We're putting a lot of time and effort into creating more and better training resources. So, if you have any comment or feedback about what is already there, please use the form below to get in contact with our training team.

Alternatively, you can also tell XM4Pie Management how the Support team is doing with [this support survey](#). Or, if you have recently had face-to-face contact with XM4Pie Training team members, you can provide feedback with [this training survey](#).
